BUILDING UP TO REFERENDUM WORK.

Closing

We would like to thank the Town of Superior board, clerk and treasurer for their continued support of our budget. We appreciate the funding and continue to work to utilize the funds wisely by providing the highest level of return possible on the investment through a well trained response to incidents.

We also would like to invite town residents who are interested to contact us about becoming a member and serving with the department. Anyone is welcome to stop in on either the 2nd or the last Tuesday of the month @ 7:00pm to tour the hall and apparatus.

The men and women that serve you are volunteers. They are professional in their commitment to provide the best service not only to their community but also their neighbors and family. Core values of *Pride*, *Honor*, and *Integrity* along with innovation are the basis in which we build a better service.
