Responder of the year 2020/2021

Russ Olson

We Remember Maria Christman

Closing

We would like to thank the Town of Superior board, clerk and treasurer for their continued support of our ultimate goal. We appreciate the funding and continue to work to utilize the funds wisely by providing the highest level of return possible on the investment through a well trained response to incidents.

We also would like to invite town and village residents who are interested to contact us about becoming a member and serving with the department. Anyone is welcome to stop in on either the 2nd or the last Tuesday of the month @ 7:00pm to tour the hall and apparatus.

The men and women that serve you are volunteers. They are professional in their commitment to provide the best service not only to their community but also their neighbors and family. Core values of Integrity, Dedication, Compassion, and Respect along with innovation are the basis in which we build a better service.

Thank you for you continued support !
